In the sale of Sunday there were still alarms for two chimney fires. One about 6 o'clock at night was the front chimney in Masonic block. A watch was kept on this, and in the morning the chimney was given a new coating of mortar. The other chimney fire was at the James Blake house on Gothic Street.

Two inches of light snow Saturday, followed by the sale of Sunday, with the temperature steadily dropping to a mark several degrees below zero Monday morning, gave the people a chance to satisfy any one's thirst. Indeed there are any who feel that the season so far has in any respect been below standard.

Rev. Chester Gore Miller has been appointed on the committee to find an endowment fund for the new Sunday School building. Two hundred prominent men on this committee scattered over the state. Among them are Governor Percival P. Baxter, United States Senator Frederick Hale and Dr. Payson.
